TOOLS

“The tools and services that Work Truck Solutions offers are top notch.”

David Lowitz, Director of Marketing

## Go Digital: Customers

Our best-in-class Commercial Inventory website is updated for you with details of your commercial vehicles and upfit costs. Your business buyers can easily search and connect with you with deep knowledge and confidence.

## Go Digital: Team

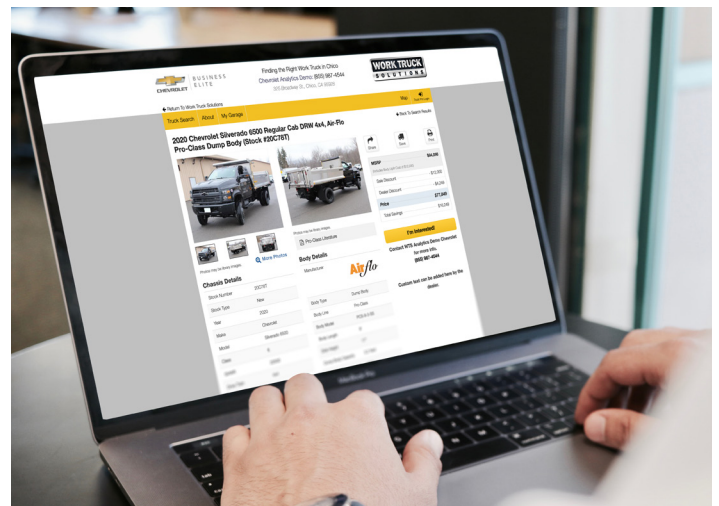

No longer have to ask ‘where is the Inventory Binder’; with Tools, it’s online and easy to search via your phone or computer; one place with all your body invoices, chassis details and additional vehicle documents. Remote workers rejoice!

## Expand Your Inventory

Our internal Inventory Network offers numerous ways to enhance your stocked inventory; through trade, wholesale, or display share, while making it easy to get more eyes on your inventory. IN will also enable you to find the vehicle your customer needs when you don’t have it on your lot.

## Drive Success

We assign you a dedicated Dealer Success Coach (DSC). These professionals know the commercial vehicle industry better than anyone and are here to ensure your success. Anytime you have questions, your Dealer Success Coach is there to help.

## Customization

We will customize our Vocational Carousel to match your market goals. Sort priority plus additional body types that you sell frequently or want to feature. You’ll also get website branding & styling features and a custom About Us page.

### Comvoy.com

You get unlimited listings on our national marketplace, Comvoy.com. Comvoy is the first and only marketplace designed for commercial buyers with the ability to search and sort by body type, vocation, and more. We are driving high-quality leads to our dealers from a rapidly growing group of monthly users. Over 150,000 Unique Users, 300,000 Sessions, and 700,000 page views in Dec/20 alone!

This package includes unlimited personal training, plus interactive On-Demand training and certification, traffic reporting, buyer and inventory management, prospecting tools, and easy integration into your current CRM. Our platform is built from the ground up to track and manage commercial vehicles and commercial buyers and support dealers’ commercial business.
